ABOUT US

WELCOME

BEHIND THE NAME - JUSTdiariesTravel

We're ST, Jules & Nara. A Hungarian family of 3 with endless passion for travel. We've been together for more than 3300 days, discovered 17 countries together (and an additional 14 individually) & in 2021-2022 we have traveled across our country with a baby - now toddler - on board.

Our Instagram page is a creative playground where we can show off our epic experiences, give inspiration for others, connect with likeminded people & offer terrific itineraries, tips & tricks.

ABOUT

Our Mission

On Instagram

we have 2 passion projects:

HUNdiscovered & JU_ST_Parenting.

The former is a curated & scenic list of places in Hungary which look like their famous twins all over the world, while the other is an honest mirror on the benefits, the joy & true challenges of traveling with baby, besides our 9 to 5 jobs.

The vision with our brand is to nurture a likeminded community passionate for traveling. Showing that traveling with kid is not impossible & resonate with those who are interested in this beautiful topic, showing products, tips & tricks along the way.
